NORTH DUBLIN

Capital funding for this property was received from the Department of the Environment Heritage and Local Government. Dublin City Council and the Health Service Executive provide on-going funding for the support service. This house provides accommodation and personal support for five people.

SOUTH DUBLIN

The property accommodates seven people in studio style apartments. HAIL provides additional supports to assist each person to sustain their tenancies. The success of this project illustrates that with appropriate housing and personal support vulnerable people can achieve independence.

NORTH EAST DUBLIN

A housing project that provides permanent accommodation for people who have previously lived in very insecure housing situations. Tenants living here have moved from HAIL transitional housing or other non-permanent housing in the inner city area. Key to the success of this project is building competencies and confidence to sustain tenancies in the long term.

HAIL's permanent supported housing sustains independence and integration.
